

gourmet cocoa

4 cups confectionary sugar

6 cups non-dairy powdered creamer

2 cups unsweetened cocoa

2 tsp salt

10 tsp cornstarch

mini marshmallows

This is one of my favorite things to make, it's the perfect thank-you gift or a little something to let someone know you were thinking of them!

I use cone shape bags filled $\frac{3}{4}$ topped with marshmallows. Ribbon and a gourmet cocoa tag with simple instructions is secured at the top. Mason jars also are a fun way of displaying your cocoa.

Wrapped in tissue it fits perfectly inside a little gift bag. Garnished with a candy spoon or peppermint stick, it adds the final touch. It's truly the perfect gift that makes anyone feel like a kid again!

I make this ahead of time and it keeps well in a plastic container. Simply mix well all the ingredients, that's it! To make the cocoa simply use 1-2 tablespoons with either one cup of water or milk. Add marshmallows to your hearts content!!
